CAREER OBJECTIVE

Software Developer with 1+ years of experience in Java and React.js, actively seeking a DevOps & AWS Cloud Engineer role. AWS-certified (CLF-C02 & AIF-C01) with hands-on exposure to Docker, Kubernetes, Terraform, Ansible, Jenkins, Linux, and Git — ready to drive cloud automation and CI/CD pipelines.

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CLF-C02) – Udemy
- AWS AI Practitioner (AIF-C01) – Udemy
- Master DevOps with AWS, Docker, Kubernetes, GCP, GitHub Actions, ArgoCD, GitOps, Terraform, Monitoring & AI – Udemy
- Core Java – Coursera
- SQL – Coursera

TECHNICAL SKILLS

Cloud & AWS: EC2, S3, IAM, VPC, CloudWatch, Lambda, RDS

DevOps & Automation: Docker, Kubernetes, Terraform, Ansible, Jenkins, GCP, CI/CD, Git, GitHub, Linux (Ubuntu)

Programming: Java, JavaScript, React.js

Database: SQL, MySQL

Tools: VS Code, Eclipse, Postman, GitHub

PROFESSIONAL EXPERIENCE

Software Developer – Speedotrack GPS Pvt. Ltd., Ranchi

Jan 2025 – Present

- Designed and developed a GPS-based tracking system to monitor real-time location of vehicles/users.
- Developed a School Management System to automate academic and administrative processes.
- Worked with clients to gather requirements and deliver GPS tracking and school management solutions.
- Contributed across design, development, testing, and deployment phases.

PROJECTS

GPS Tracking System

- Implemented live location tracking using GPS modules and integrated map visualization.
- Enabled route history and location updates for better monitoring and analysis.
- Focused on accuracy, real-time updates, and system reliability.

School Management System

- Designed modules for student registration, attendance, exams, fees, and results.
- Implemented role-based access for Admin, Teachers, and Students.
- Reduced manual work by digitizing daily school operations.

EDUCATION & TRAINING

B.Tech – Computer Science | Jai Narain College of Technology, Bhopal 2023 | CGPA: 7.93

Java Full Stack Development – JSpiders Aug 2023 – Dec 2024

- Core Java, Spring Boot, SQL, Web Technologies.
